The actual effect of solar reflectance and thermal emittance on building performance may vary.</p> <p style="font-size: small;">Manufacturer of product stipulates that these ratings were determined in accordance with the applicable Cool Roof Rating Council procedures.</p>		Initial	Weathered	<b>Solar Reflectance</b>	0.75	Pending	<b>Thermal Emittance</b>	0.19	Pending	Rated Product ID	1296-0001		Licensed Manufacturer	1296		Classification	Standard Product	
	Initial	Weathered																	
<b>Solar Reflectance</b>	0.75	Pending																	
<b>Thermal Emittance</b>	0.19	Pending																	
Rated Product ID	1296-0001																		
Licensed Manufacturer	1296																		
Classification	Standard Product																		

The Cool Roof Rating Council (CRRC), an ISO 17065 accredited organization, has reviewed the test results data provided by a CRRC-approved ISO 17025 testing laboratory and has determined this roofing product meets the requirements described in the ANSI/CRRC S100 Standard and the CRRC-1 Program Manual. This Notification of Rating is subject to all terms and conditions of the Licensee Agreement and the documents incorporated therein by reference. This document must be reproduced in its entirety.

This certificate is valid until an updated certificate is issued that includes product aged data.
